*When in French* Jun 15 2021 A language barrier is no match for love. Lauren Collins discovered this firsthand when, in her early thirties, she moved to London and fell for a Frenchman named Olivier—a surprising turn of events for someone who didn't have a passport until she was in college. But what does it mean to love someone in a second language? Collins wonders, as her relationship with Olivier continues to grow entirely in English. Are there things she doesn't understand about Olivier, having never spoken to him in his native tongue? Does "I love you" even mean the same thing as "je t'aime"? When the couple, newly married, relocates to Francophone Geneva, Collins—fearful of one day becoming "a Borat of a mother" who doesn't understand her own kids—decides to answer her questions for herself by learning French. *When in French* is a laugh-out-loud funny and surprising memoir about the lengths we go to for love, as well as an exploration across culture and history into how we learn languages—and what they say about who we are. Collins grapples with the complexities of the French language, enduring excruciating role-playing games with her classmates at a Swiss language school and accidentally telling her mother-in-law that she's given birth to a coffee machine. In learning French, Collins must wrestle with the very nature of French identity and society—which, it turns out, is a far cry from life back home in North Carolina. Plumbing the mysterious depths of humanity's many forms of language, Collins describes with great style and wicked humor the frustrations, embarrassments, surprises, and, finally, joys of learning—and living in—French.

The Honey-Don't List Jul 05 2020 From the New York Times bestselling author behind the "joyful, warm, touching" (Jasmine Guillory, New York Times bestselling author) The Unhoneymooners comes a delightfully charming love story about what happens when two assistants tasked with keeping a rocky relationship from explosion start to feel sparks of their own. Carey Duncan has worked for home remodeling and design gurus Melissa and Rusty Tripp for nearly a decade. A country girl at heart, Carey started in their first store at sixteen, and—more than anyone would suspect—has helped them build an empire. With a new show and a book about to launch, the Tripps are on the verge of superstardom. There's only one problem: America's favorite couple can't stand each other. James McCann, MIT graduate and engineering genius, was originally hired as a structural engineer, but the job isn't all he thought it'd be. The last straw? Both he and Carey must go on book tour with the Tripps and keep the wheels from falling off the proverbial bus. Unfortunately, neither of them is in any position to quit. Carey needs health insurance, and James has been promised the role of a lifetime if he can just keep the couple on track for a few more weeks. While road-tripping with the Tripps up the West Coast, Carey and James vow to work together to keep their bosses' secrets hidden, and their own jobs secure. But if they stop playing along—and start playing for keeps—they may have the chance to build something beautiful together... From the "hilariously zany and heartfelt" (Booklist) Christina Lauren comes a romantic comedy that proves if it's broke, you might as well fix it.

The Fell Sep 06 2020 From Sarah Moss, the Sunday Times bestselling author of Summerwater and Ghost Wall, comes a story about the circumstances and the consequences of isolation. 'A tense page-turner . . . Falling Out of Hate with You      Nov 08 2020 I've tried to like Adrian Savage, the mercurial frontman for Fugitive Summer, while serving as his band's opening act on tour. We're stuck together for three months, after all. And I'm well aware I'm lucky to be here. But it's proved impossible. He's far too rude and dismissive a guy to get along with. And way too good at getting under my skin. In fact, at this point, I think it's fair to say I downright hate his guts. Global thirst trap that he is, though, I'm finding it extremely difficult not to want to jump Savage's bones, despite how much he infuriates me. I hate myself for it. But my body is going rogue on me. It doesn't matter, though. I'm determined to resist him. In fact, what I've decided is that, as long as I'm here and stuck with him, I'm not only going to give Savage the sound tongue lashing nobody else around here has the balls to deliver, I'm going to bring that bad boy to his knees.

Falling into the Black Jan 23 2022 Ten years ago we said goodbye. I left the world I knew to create a new life for myself. Away from the lies. Away from the pain. It was all going as planned until a friend asked for help with her club. The business was liberating. The company was intoxicating. Two masked men became my euphoria. One was a player deep in the game. A teacher both intimately and figuratively. The other was a quiet director. A man who tempted me with his stares and set me on fire with his dark whispers. His secrecy excited me, bringing me to levels I've never imagined. I thought we were playing a game, but little did I know he knew exactly who I was. I just wish I figured out his true identity before I fell for his best friend. \* *Falling into the Black* is a standalone novel with an HEA.

*Replica* Jul 25 2019 From Lauren Oliver, New York Times bestselling author of *Before I Fall* and the *Delirium* trilogy, comes an epic, masterful novel that explores issues of individuality, identity, and humanity. Lyra's story begins in the Haven Institute, a building tucked away on a private island off the coast of Florida that from a distance looks serene and even beautiful. But up close the locked doors, military guards, and biohazard suits tell a different story. In truth, Haven is a clandestine research facility where thousands of replicas, or human models, are born, raised, and observed. When a surprise attack is launched on Haven, two of its young experimental subjects—Lyra, or 24, and the boy known only as 72—manage to escape. Gemma has been in and out of hospitals for as long as she can remember. A lonely teen, her life is circumscribed by home, school, and her best friend, April. But after she is nearly abducted by a stranger claiming to know her, Gemma starts to investigate her family's past and discovers her father's mysterious connection to the secretive Haven research facility. Hungry for answers, she travels to Florida, only to stumble upon two replicas and a completely new set of questions. While the stories of Lyra and Gemma mirror each other, each contains breathtaking revelations critically important to the other story. Using hotlinks in this electronic edition, readers can decide how they would like to read the book, as with the print version. They can read the story of Gemma or Lyra straight through first, followed by the other girl's story, or they can move between chapters in Lyra's and Gemma's sections. No matter how it is read, *Replica* is an ambitious, thought-provoking masterwork.
