Culture, Identities and Technology in the Star Wars Films Mar 13 2021 Released in May 1977, the original Star Wars movie inaugurated the age of the movie blockbuster. It also redefined the use of cinematic special effects, creating a new textual universe that now stretches through three decades, two trilogies and generations of fascinated viewers. The body of critical analysis that has developed from this epic focuses primarily on the Star Wars universe as a contemporary myth. However, like any fiction, it must also be viewed--and consequently analyzed--as a product of the culture which created it. The essays in this book analyze the Star Wars

trilogies as a culturally and historically specific phenomenon. Moving away from the traditional myth-based criticism of the films, the essayists employ a cultural studies model to examine how this phenomenon intersects with social formations such as economics, technology, race and gender. Critical approaches are varied and include political and economic analysis informed by feminism, contemporary race theory, Marxism, new media studies and post-humanism. Among the topics covered are the connections between the trilogies and our own cultural landscape; the problematic issues of race and gender; and the thematic implications of Lucas' presentation of technology. Instructors considering this book for use in a course may request an examination copy [here](#).

The Making of Star Wars Aug 25 2019 George Lucas spent nearly ten years bringing his dream project to life: a ground-breaking space fantasy movie. Its original title: The Star Wars. The rest is history. Yet its production is a story as entertaining and exciting as the movie itself. Now, recounted in the words of those who were there, it is finally being told, for the first time. Between 1975 and 1978, over fifty interviews were conducted with key members of cast and crew - George Lucas, Mark Hamill, Harrison Ford, Carrie Fisher, Anthony Daniels, composer John Williams, legendary production designer John Barry amongst many others. Remarkably, these candid and revelatory interviews have sat, undisturbed, in the Lucasfilm Archives for three decades. Until now. Using his unprecedented access to the archives and this treasure trove of never-before-published 'lost' interviews, photographs, production notes, factoids and anecdotes, J.W. Rinzler hurtles back in time for a definitive look at the genesis of a cinematic legend. The Making of Star Wars (Enhanced Edition) Feb 21 2022 This enhanced eBook transforms The Making of Star Wars into an immersive multimedia experience worthy of the original film. It features exclusive content pulled from the Lucasfilm archives by author J. W. Rinzler: • 26 minutes of rare behind-the-scenes video* • 29 minutes of rare audio interviews with the cast and crew • New bonus photos and artwork not found in the

print edition After the 1973 success of *American Graffiti*, filmmaker George Lucas made the fateful decision to pursue a longtime dream project: a space fantasy movie unlike any ever produced. Lucas envisioned a swashbuckling SF saga inspired by the Flash Gordon serials, classic American westerns, the epic cinema of Japanese auteur Akira Kurosawa, and mythological heroes. Its original title: *The Star Wars*. The rest is history, and how it was made is a story as entertaining and exciting as the movie that has enthralled millions for more than thirty years—a story that has never been told as it was meant to be. Until now. Using his unprecedented access to the Lucasfilm Archives and its trove of “lost” interviews, photos, production notes, factoids, and anecdotes, Star Wars scholar J. W. Rinzler hurtles readers back in time for a one-of-a-kind behind-the-scenes look at the nearly decade-long quest of George Lucas and his key collaborators to make the “little” movie that became a phenomenon. It’s all here: • the evolution of the now-classic story and characters—including “Annikin Starkiller” and “a huge green-skinned monster with no nose and large gills” named Han Solo • excerpts from George Lucas’s numerous, ever-morphing script drafts • the birth of Industrial Light & Magic, the special-effects company that revolutionized Hollywood filmmaking • the studio-hopping and budget battles that nearly scuttled the entire project • the director’s early casting saga, which might have led to a film spoken mostly in Japanese—including the intensive auditions that won the cast members their roles and made them legends • the grueling, nearly catastrophic location shoot in Tunisia and the subsequent breakneck dash at Elstree Studios in London • the who’s who of young film rebels who pitched in to help—including Francis Ford Coppola, Steven Spielberg, and Brian DePalma But perhaps most exciting, and rarest of all, are the interviews conducted before and during production and immediately after the release of *Star Wars*—in which George Lucas, Mark Hamill, Harrison Ford, Carrie Fisher, Sir Alec Guinness, Anthony Daniels, composer John Williams, effects masters Dennis Muren, Richard Edlund, and John Dykstra, Phil Tippett, Rick Baker, legendary production designer John Barry, and a host of others share their fascinating tales from the trenches and candid opinions of the film that would ultimately change their lives. No matter how you view the spectrum of this phenomenon, *The Making of Star Wars* stands as a crucial document—rich in fascination and revelation—of a genuine cinematic and cultural touchstone. *Video may not play on all readers. Please check your user manual for details.

The Sounds of Star Wars Dec 22 2021 Any Star Wars fan can mimic Darth Vader's voice or Chewbacca's roar with ease. But how many of them would be able to identify the lion's roar used in the sound of the Millennium Falcon's engine? In this aurally astonishing and visually engaging book, New York Times best-selling author J. W. Rinzler reveals the illuminating history of the sounds that make the Star Wars universe so believable, as recounted by their creator, legendary sound designer Ben Burtt. An attached sound module with an exterior speaker and headphone jack lets readers listen to more than 250 unique sound effects, and more than 300 photographs illustrate the epic's many memorable scenes. From the first films to the animated *Star Wars: The Clone Wars* series, *The Sounds of Star Wars* is *Star Wars* as you've never heard it before.

Annihilation: Star Wars Legends (The Old Republic) Aug 06 2020 Based on the epic videogame from BioWare and LucasArts NEW YORK TIMES BESTSELLER *The Sith Empire* is in flux. The Emperor is missing, presumed dead, and an ambitious Sith lord’s attempt to seize the throne has ended fatally. Still, Darth Karrid, commander of the fearsome Imperial battle cruiser *Ascendant Spear*, continues her relentless efforts to achieve total Sith domination of the galaxy. But Karrid’s ruthless determination is more than matched in the steely resolve of Theron Shan, whose unfinished business with the Empire could change the course of the war for good. Though the son of a Jedi master, Theron does not wield the Force—but like his renowned mother, the spirit of rebellion is in his blood. As a top covert agent for the Republic, he struck a crucial blow against the Empire by exposing and destroying a Sith superweapon arsenal—which makes him the ideal operative for a daring and dangerous mission to end *Ascendant Spear*’s reign of terror. Joined by hot-headed smuggler Teff’ith, with whom he has an inexplicable bond, and wise Jedi warrior Gnost-Dural, Darth Karrid’s former master, Theron must match wits and weapons with a battle-tested crew of the most cold-blooded dark side disciples. But time is brutally short. And if they don’t seize their one chance to succeed, they will surely have countless opportunities to die. Praise for *Annihilation* “An espionage story interwoven with personal conflicts . . . space battles, lightsaber fights, and gripping spy missions . . . *Annihilation* may be Karpysyn’s strongest novel yet.”—Roqoo Depot “Pure Star Wars action-adventure entertainment as only Drew Karpysyn can write it.”—*The Founding Fields*

A New Dawn: Star Wars Apr 01 2020 A long time ago in a galaxy far, far away. . . . “The war is over. The Separatists have been defeated, and the Jedi rebellion has been foiled. We stand on the threshold of a new beginning.”—Emperor Palpatine For a thousand generations, the Jedi Knights brought peace and order to the Galactic Republic, aided by their connection to the mystical energy field known as the Force. But they were

betrayed—and the entire galaxy has paid the price. It is the Age of the Empire. Now Emperor Palpatine, once Chancellor of the Republic and secretly a Sith follower of the dark side of the Force, has brought his own peace and order to the galaxy. Peace through brutal repression, and order through increasing control of his subjects' lives. But even as the Emperor tightens his iron grip, others have begun to question his means and motives. And still others, whose lives were destroyed by Palpatine's machinations, lay scattered about the galaxy like unexploded bombs, waiting to go off. . . . The first Star Wars novel created in collaboration with the Lucasfilm Story Group, *Star Wars: A New Dawn* is set during the legendary "Dark Times" between Episodes III and IV and tells the story of how two of the lead characters from the animated series *Star Wars Rebels* first came to cross paths. Featuring a foreword by Dave Filoni. Praise for *A New Dawn* "A New Dawn is a fine start to the new Expanded Universe. [John Jackson] Miller steps confidently into the unexplored territory and owns it; he's crafted a story with pacing and dialogue that feels like classic Star Wars."—Nerdist "An entertaining adventure . . . with a cast of heroes that mixes laughter with intriguing depths of character. . . . John Jackson Miller packs in plenty of action and surprises."—Roqoo Depot "A confidently told story that gives fans a lot of reason to be hopeful about what's to come as we move into this new phase of Star Wars . . . The book certainly got me even more excited for *Rebels* and to see more of Kanan and Hera's adventures. We're also introduced to other characters I would love to see again at some point, whether on *Rebels*, in another book or, who knows, in live-action at some point."—IGN "A New Dawn delivers a classic Star Wars experience that fans of all ages will be able to enjoy. It is extremely well-written, with an incredibly diverse cast too. Miller's prose can easily suck readers in, and leave them speechless when 100 pages have flown by in the blink of an eye."—Far Far Away Radio "A New Dawn brings us into this new dawn of storytelling with energy, excitement, and characters that have become instantly ensconced into the Star Wars vernacular, and the results will satisfy Star Wars fans of many different palates."—Coffee with Kenobi "A New Dawn is a well-written novel full of intrigue and twists and turns that does an excellent job of letting Star Wars fans get to know Kanan and Hera."—Tosche Station "A New Dawn finds an era never before written about in the Star Wars universe—the years prior to the original movie, Episode IV—in robust good health. The narrative takes place on two worlds and a handful of ships in between them, but as with the best of all Star Wars moments, hints at hidden depths beyond."—Mashable
